# ADULTS

SUNDAY MORNINGS 11:00 – 11:45 AM

## **"Apologetics 101: An introduction":**

If you run into someone who you know is not a Christian, or you are out doing evangelism with a group of people from church or a small group, how do you explain to a random stranger, friend, or co-worker that it is an undeniable and irrefutable fact that God is real? If you know the person is an atheist, agnostic, or is questioning what they believe, do you tell them that you know God is real because the Bible says so? Do you tell them that you know God is real because your parents told you so? Do you tell them that you know God is real because you feel that He is real? What evidence is there for creation? What evidence is there for a Creator? What evidence is there for a Personal God? Apologetics and Philosophy can answer all these questions.

Meets in the Fireside Room  
Led by Luke Nagelkirk

Have you ever wondered where the Bible came from? Today, many people believe the Bible is simply a collection of made-up stories like fairytales. Pastor Jim will explore how the Bible came to be and answer questions like: Who wrote the books of the Bible, and how did they end up together? How have these books been preserved and transmitted to us? Why do we have so many different translations of the Bible? Is the Bible reliable, and can it be trusted?

This class will meet every Wednesday from January 15 – March 26, except for March 19.
